Celebrating our 2024 Scholarship Winners!

The 25 recipients of our annual \$100,000 in Scholarships – and they are nothing short of incredible!

Every year, we sift through applications from all corners of Michigan, seeking out the brightest, most dedicated students who are not only academically outstanding but also deeply involved in making their communities a better place. This year's winners blew us away with their passion and commitment to Giving Big.

Our scholarships provide these outstanding individuals with the opportunity to pursue their dreams of higher education, whether that's college, skilled trade programs, or

continued education. By easing the financial burden, we're not just helping these scholars achieve their goals, we are investing in the

future of Michigan. With talent and dedication, they're ready to make our state an even better place to live for years to come.

Community Choice Launches New Member Volunteer Program!

On a mission to Give Big to the communities it serves, Community Choice Credit Union is rolling out an exciting new initiative: the Member Volunteer Program.

The program aims to encourage you to get involved in community service by offering a new website to log your volunteer hours at CommunityChoiceCU.com/Volunteer. To sweeten the deal, Community Choice will be awarding a generous \$1,000 donation to a nonprofit organization every quarter to honor an active participant in the Member Volunteer Program.

The cherry on top is that the selected member volunteer of the quarter will be featured in the Give Big

Newsletter, just like Monica Jackson, whose inspiring story sets the stage for community involvement. Monica left Romania and started Jackson Staging & Design, LLC in Birmingham, Michigan. While assisting clients through home projects, Monica volunteers to feed the homeless, combat human trafficking, and support camps welcoming children in foster care. She exemplifies the spirit of giving and selflessness. Monica's work reminds us that we all have the power to make a meaningful impact!

"Volunteer work is like patching the community. We all have the opportunity to get to know people,

offer hope to those going through a hard time, and give encouragement. Reminding people that it will not last forever and it's a temporary thing. We all need help at different times in our lives and it's so important for all of us to be there for each other," said Monica.

If you are ready to make a difference in your community like Monica, now is your chance! We invite you to join us in Giving Big and becoming a part of our new Member Volunteer Program today.
